

HEALTHY SOIL

HEALTHY WATER

Preserving our Land and Water Legacy in the Wisconsin River Basin through Locally Led Conservation

Thursday, March 22, 2018, 8:30 a.m. - 3:00 p.m.

UW-Marshfield/Wood County 2000 W. 5th Street | Marshfield, WI

Workshop Agenda

Featured Speaker

Andy Bensend

Over the years, Bensend has developed a successful formula based on no-till, integrated pest management, crop rotation, cover crops and perseverance. Today, his enterprises include more than 4,000 acres of primarily corn and soybeans using no-till or strip-till practices.

Restoring the Wisconsin River—We All Play a Role

Scott Provost, Wisconsin DNR

Status of and Success Stories from Wisconsin Producer-Led Councils—*Rachel Rushmann, WI DATCP*
